Materials:

* body and facades of products - MDF 25, 18 mm thick, faced with ALPI radial veneer "sand oak". The paintwork is silky-matt with the manifestation of the natural texture of wood (open pore);
* inner frameworks of boxes and back walls - laminated chipboard 16 mm thick, white (manufactured by Kronospan, Ukraine);
* headboard - soft, eco-leather upholstery (category B according to the catalog of fabrics of the Enran company);
* furniture fittings:

  partial extension guides Smart Slide Push to Open (produced by Samet, Turkey);

  hinges with a door closer (produced by Samet, Turkey).

The beds are equipped with a stationary reinforced metal frame or with a lifting mechanism with shock absorbers 1200N (beech lamellas are used, the distance between the slats is 40 mm).
